RECOMMENDATION FOR ETHICS APPROVAL

Project Title The transfer of dance knowledge through interface design

Project Duration
FROM 20/09/2006
TO 10/06/2007

Student Project
Student Natalie Ebenreuter
Principal Investigator Dr Deirdre Barron

Address for Correspondence 12/300 King Street
Melbourne VIC 3000

Project ID Number: ETHNIDR02/06

Recommendation of the NIDR Research Ethics Committee

☐ Project not approved [revise and resubmit]
☑ Project approved

☐ Project Approved subject to:

You MUST submit any requested information to Chair of NIDR Ethics Committee Room 604A BEFORE the commencement of data collection.

Chair NIDR Ethics Committee Name: Professor Allan Whitfield
Signature: [Signature]
Date: 13-4-2006

ETHNIDR Issue Date Tuesday, April 18, 2006
Appendix A3: Behavioral and Social Sciences Institutional Review Board (OSU) IRB Approval

October 30, 2006

Protocol Number: 2006B0305
Protocol Title: THE TRANSFER OF DANCE KNOWLEDGE THROUGH INTERFACE DESIGN, Sheila Marion, Natalie Erika Ebenreuter, Dance.

Type of Review: New - Expedited
IRB Staff Contact: Cheri Pett, (614) 292-0526, Pett.6@osu.edu

Dear Dr. Marion,

The Behavioral and Social Sciences IRB APPROVED the above referenced protocol BY EXPEDITED REVIEW. The Board was able to provide expedited approval under 45 CFR 46.110(b)(1) because the research presents minimal risk to subjects and qualifies under the expedited review category(s) listed below.

Date of IRB Approval: October 28, 2006
Date of IRB Expiration: October 20, 2007
Expedited Review Category: Category #7

If applicable, informed consent (and HIPAA research authorization) must be obtained from subjects or their legally authorized representatives and documented prior to research involvement. The IRB-approved consent form and process must be used. Changes in the research (e.g., recruitment procedures, advertisements, enrollment numbers, etc.) or informed consent process must be approved by the IRB before they are implemented (except where necessary to eliminate apparent immediate hazards to subjects).

This approval is valid for one year from the date of IRB review when approval is granted or modifications are required. The approval will no longer be in effect on the date listed above as the IRB expiration date. A Continuing Review application must be approved within this interval to avoid expiration of IRB approval and cessation of all research activities. A final report must be provided to the IRB and all records relating to the research (including signed consent forms) must be retained and available for audit for at least 3 years after the research has ended.

It is the responsibility of the investigator to promptly report to the IRB any serious, unexpected and related adverse events or potential unanticipated problems involving risks to subjects or others. This approval is issued under The Ohio State University’s OHRP Federalwide Assurance #00006378.

All forms and procedures can be found on the ORRP website – www.orrp.osu.edu. Please feel free to contact the IRB staff contact listed above with any questions or concerns.

Thomas Nygren, PhD, Chair
Behavioral and Social Sciences Institutional Review Board
Appendix A4: Ethical Statement

Declaration

I certify that the treatment of human subjects as required by the Research Ethics Committee National Institute for Design Research (SUT) and the Behavioral and Social Sciences Institutional Review Board (OSU) for the thesis entitled “Transference of Dance Knowledge through Interface Design,” submitted for the degree of Doctor of Philosophy were properly met. Furthermore, I acknowledge that, where required, annual/final reports have been submitted to the respective review boards.

Full Name: Natalie Erika Ebenreuter
